COLLEGE CREED

I believe in the inspiration of the Bible, both the Old and New Testaments; the creation of man by the direct act of God; the incarnation and virgin birth of our Lord and Savior, Jesus Christ; His identification as the Son of God; His vicarious atonement for the sins of mankind by the shedding of His blood on the cross, the resurrection of His body from the tomb; His power to save men from sin; the new birth through the regeneration by the Holy Spirit; and the gift of eternal life by the grace of God.

BOB JONES COLLEGE

is determined that no college shall excel it in the thoroughness of its scholastic work; and, God helping it, it endeavors to excel all other colleges in the thoroughness of its Christian training.

Whatever educational problem a student may have, the Bob Jones College is in position to solve that problem, at least through the sophomore year. In most cases, the college can solve a student's problem beyond the sophomore year.

PERSONAL WORD FROM THE PRESIDENT

Bob Jones College, which has had a successful history for fourteen years, will open its 1941-1942 session on the 10th day of next September. Cleveland is in the center of one of the most attractive sections of the entire country. It is only a short distance from the historic city of Chattanooga. It is less than one hundred miles from Knoxville, and only a drive of a few hours from Birmingham, Ala., Atlanta, Ga., Asheville, N. C., and many other interesting cities and towns of the South.

It offers four years of work leading to a bachelor's degree. It is interdenominational, orthodox, and co-educational. It stands without apology for the absolute authority of the Bible.

A famous educator who has visited our college on several occasions said, "I have inspected more than three hundred colleges in the United States. There is something in Bob Jones College that I have never found in any other institution. You can't tell it. You can't write it. You have to visit the college and feel it." Our college has a spirit all its own. It has an atmosphere of culture without the cold formality which is found in some institutions.

As an institution we believe in denominational co-operation without organic union. We believe in the right of every Christian to interpret the Bible as he may be led by the Holy Spirit, but we deny the right of any Christian to question the authority of the Book. Religiously, our testimony is: "Whatever the Bible says is true." Every teacher in the college signs our orthodox creed once each year.

We are proving in our institution that it is possible to be thorough in scholastic work and to have a happy, contented student body in this modern age, and still hold to the old, orthodox, religious position of our fathers.

While a number of our students are going into the ministry, or to mission fields, or into some other form of Christian work, a great many of them are planning to be lawyers, doctors, teachers, business executives, etc.

GENERAL INFORMATION

In studying the courses outlined in this catalogue, you will note that a student may have as many hours in his minor, which is required, as he has in his major. This arrangement enables a student to receive a degree from Bob Jones College and then to enter a graduate school and receive his Master of Arts degree in the minor which he had in our institution.

A student may have a minor in English, history, or foreign language.

We believe that, because we limit our student body and because of the intensely Christian atmosphere of our institution, we are in a better position to do the work in the fields that we cover than any other institution in the country.

Each student in our college is required to take Bible every year. This applies not only to college students but also to high school students and School of Business students as well. To every student in the college, the high school, and the School of Business, we offer voice, piano, violin, pipe organ, and speech without extra cost, except a small fee for the use of the practice piano or organ. We put much emphasis on public speaking for we do not believe that a man or woman is really educated until he or she is able to stand on the platform of any auditorium and talk with ease to an audience.

Our college has the reputation of being strict; but our student body, we believe, is the most contented group of students on the American continent. The rules and regulations of the institution are made by a committee of the faculty and the students, and can be changed only by a vote of these two groups. The rules and regulations are reasonable and necessary.

At Bob Jones College, religion is the natural thing. It is not stereotyped, strained, or "overly-pious." It is simple and unaffected. Every class is opened with prayer, and our social gatherings blend easily and naturally into "a little prayer before we go." We believe in a clean social life. We encourage properly chaperoned parties. In all our work and play, in personal life and social relations, we seek to be loyal to the Lord Jesus Christ.

In connection with our college we have an academy of-

fering four years of accredited work. The boys in the academy under eighteen years of age are under special supervision.

As we limit our attendance, every student in our institution receives personal and constant attention. Any student may go for advice or assistance to any member of the faculty at any time.

Parents may send their sons and daughters to Bob Jones College and go to sleep at night in perfect peace, knowing that their children are safe physically, mentally, and spiritually.

We shall be glad to give detailed information to any parent or to any prospective student.

Remember, whatever educational problem a student may have, Bob Jones College is in position to solve that problem, at least through the sophomore year. In most cases the college can solve a student's problem beyond the sophomore year.

BUILDINGS AND EQUIPMENT

Located on a beautiful campus in the heart of the residential district of Cleveland, the physical plant of Bob Jones College combines beauty and utility.

Women's Dormitories The women's dormitories are brick buildings, well ventilated, and well lighted. Beautiful parlors, social hall and chapel are on the ground floor. All bedrooms have hot and cold running water, and a number of the rooms have connecting baths.

Men's Dormitories There are two new brick dormitories for men. These buildings are arranged for comfort and convenience. Each room has hot and cold running water, closet, and storage space.

Nell Sunday Hall This new dormitory contains rooms and apartments for faculty members, married students, and guests. Modern in every respect, it is identical in outside appearance to Cosmopolitan Hall. On the ground floor are located science laboratories, the home economics department, and lecture rooms.

The Dining Hall The dining hall is modern in every respect, spacious and cheerful, and the kitchen, electrically equipped, is one of the most modern in the South. In order that the students may make pleasant and varied contacts at meals, their place assignments at the small tables in the dining hall are frequently changed. Private dining halls are available for special parties.

Mack Memorial Library Nearing completion as the catalogue goes to press, the magnificent new library building, built through the generosity of the late John Sephus Mack, will be one of the most efficient, beautifully furnished college libraries in the state of Tennessee. In addition to the college library, the building will house a special collection of phonograph records, and will also contain the business and executive offices of the college.

Academic Building The academic building is an attractive two-story brick building. Other large class rooms are located on the ground floor of Cosmopolitan Hall and Nell Sunday Hall.

Margaret Mack Auditorium This new building which was dedicated on Easter Sunday, 1936, is one of the most up-to-date auditoriums in the South. Here are located most of the studios of the Speech Department, and also the Voice recording laboratory, Speech clinic, and costume studios.

Music Building The attractive studios and class rooms of the Music Department are situated in a special building on the north corner of the campus.

Gymnasium Bob Jones College has one of the finest gymnasiums in the Southeast, well supplied with locker rooms, showers, etc.

Science Laboratories The college has new, well-equipped scientific laboratories and facilities for home economics.

Store "Little Moby's Corner," located on the campus and operated by the college, carries a full line of school supplies, as well as stamps, postcards, fruit, candy, ice cream, soft drinks, etc.

PHYSICAL CARE

Health Service Every dormitory student of Bob Jones College has medical service included in his fees. A Christian physician is available for the students at certain definite office hours. In case of an emergency, he may be called any hour of the day or night. A trained nurse is resident in the college dormitory to look after the physical welfare of the women students. Cleveland has two hospitals with trained staffs of physicians and attendants.

Physical Education For three years all students are required to take regular classes in physical education unless excused by a certificate from a physician. Each class meets an hour a day, three days each week. Instruction is given in marching, tactics, tumbling, games, gymnastics, health, relays, and a variety of sports—both individual and team—some of which are soccer, volley ball, basket ball, baseball, track, archery, swimming, ping-pong, shuffleboard, horse-shoes, and tennis. Opportunity for horseback riding is provided by a private academy which offers special rates to the college.

A program of intramural sports is provided for both men and women students. Competition is offered in many sports. By providing a sequence of athletic games, the intramural division aside from our regular class work, maintains the finest form of diversion and wholesome recreation throughout the school year. Effort is made to reach every student in the college with the objective of creating a liking for a sport that will "carry over" from his college days into his later life. The grouping of teams makes possible a friendly form of rivalry which possesses many inherent social values as well as contributions to school spirit.

RELIGIOUS SERVICES

Sunday School Sunday school is held on the campus each Sunday. At the opening and closing exercises, all the various religious demonstrations meet together. A general superintendent, elected by the entire Sunday school, presides. For the lesson periods, the various denominational classes retire to separate rooms where they are taught by teachers of their own choice.

Sunday Morning Worship The Sunday morning worship is a regular feature of the college religious program.

Every student is required to attend the Sunday morning worship service except young ministers who are away conducting services. There is a regular choir which presents special music. The message is brought by the president, some minister who is a member of the faculty, or a visiting clergyman.

Vespers The four o'clock Sunday vesper service is probably the best known of all the religious services of Bob Jones College. It presents members of the faculty and students of the Department of Speech and Music in a sacred program. Occasionally, a religious drama is presented by the Speech Department. These services are both devotional and cultural, and attract many visitors.

Young People's Societies The various denominational groups—Christian Endeavor, B. Y. P. U., Epworth League, etc.—hold their regular meetings each Sunday afternoon following the vesper service.

Sunday Evening Worship Students are encouraged to attend Sunday evening worship at the church of their own denomination in Cleveland.

Chapel Services One of the most interesting features of Bob Jones College is the forty-five minutes chapel service held every morning from Monday through Saturday. These services are a source of great inspiration to the students. Five days a week the chapel message is brought by the president when he is on the campus, and in his absence by selected speakers. On Monday the student body conducts the chapel program. Attendance is compulsory at all chapel services.

STUDENT ORGANIZATIONS

Literary Societies There are no fraternities or sororities on the Bob Jones College campus, but there are eight flourishing literary societies. Every student is eligible for membership in one of these groups. The Sigma Lambda Delta, Sigma Kappa Rho, Chi Sigma Phi, and Tri Sigma are for the girls and the Pi Gamma Delta, William Jennings Bryan, Chi Delta Theta, and Phi Beta Chi societies are for the boys.

Pan Hellenic Council The Pan Hellenic Council is composed of the president and one representative of each of the literary societies. The purpose of the Council is to guide and control the activities of the literary societies.

The Friendship Club The Friendship Club is composed of all the girls on the campus. The purpose of the club is to create a closer bond of friendship among the girls in the college.

The Life Service Band The Life Service Band is an organization of students who have volunteered for definite Christian service. It seeks to train and encourage its members to become efficient in personal evangelism.

The Student Foreign Missions Fellowship The Student Foreign Missions Fellowship is composed of those students who have been definitely called to the foreign mission field. The local group is identified with other similar groups in orthodox Christian colleges. The objective of the group is to stimulate missionary vision and zeal on the campus.

The Ministerial Association The Ministerial Association is a band of students who have been called into the ministry. The association aims to promote in every way possible the work of the kingdom of God.

Denominational Organizations The various religious denominations have their own young people's societies and Sunday school classes. Students are urged to attend the meetings of the denominational group with which they have been affiliated at home.

The Choral Club The Choral Club consists of students carefully selected for their musical talent. The best choral music, accompanied and unaccompanied, is studied. The club appears in several formal concerts during the year, often with outstanding guest soloists.

Orchestra The college symphony maintains high standards of performance and provides excellent instrumental experience for students. Membership is limited only in that the balance and proficiency of the ensemble be maintained. This orchestra gives numbers at vesper services, at recitals, and on various other programs during the school year.

Ensembles Students are given the opportunity to participate in vocal, string, and brass ensembles which appear on vesper services and various other programs through the school year.

The Classic Players The Classic Players are possibly the outstanding college Shakespeare repertoire group of the

world. Membership is open to students who show talent or ability in public try-outs.

Intercollegiate Debates Any student is eligible to try for the inter-collegiate debate teams which engage in debates with other colleges and universities on various occasions during the year.

SPECIAL ADVANTAGES

Artist Series and Recitals The students of Bob Jones College have the opportunity of hearing, in the course of the year, a number of outstanding artists—musicians and lecturers—who are presented on the Artist and Celebrity Series. In addition, there are recitals by members of the faculty of the Departments of Speech and Music which are also included in the Artist Series. The Student Activity fee provides each student with a season ticket.

Student Recitals Recitals are given monthly by the students of the Music and Speech Departments who thereby have an opportunity of appearing in public. Attendance at these recitals is compulsory for all students of the Music and Speech Departments. Students majoring in Music or Speech are required to give a recital during their senior year.

Radio Talented students have an opportunity for radio appearances on the college broadcasts.

Debates The students' literary societies sponsor inter-society debates each year. Participants are selected by the students in the societies. The final debate is one of the chief events of the commencement exercises each year.

Contests Various music and speech contests are held at commencement and medals are awarded to the winners.

PUBLICATIONS

"The Fellowship News" is a paper published weekly at the college. It is the official publication of the international organization of Young People's Fellowship Clubs and the Gospel Fellowship Association.

"The Conqueror" is the college newspaper issued weekly by the students.

"The Vintage" is the college annual, published by the students.

EXPENSES

The total cost for room, board and tuition, for the nine months amounts to \$432.50. In addition, there is a small rental fee for the use of a practice piano or organ and a Student's Activity fee of \$5.00 a semester. These expenses, itemized, are as follows:

Tuition and fees, a semester	\$92.50
Room and board, a month	27.50
Piano practice fee, a semester *	3.00
Voice fee, a semester	3.00
Pipe organ fee, a semester	12.50
Student Activity fee, a semester **	5.00

* Required of all piano and voice students.

** The Student Activity fee pays for "The Vintage," the college year book; for all college programs, the Artist Series; and for athletic activities.

No payments will be refunded to students who leave the college for any reason.

SCHOLARSHIPS

A few work-loan scholarships are available to worthy students who are not able to make full payment for board and tuition. Application forms will be supplied upon request.

REQUIREMENTS FOR ADMISSION

All candidates for admission to the college must give satisfactory evidence of good character, and all students transferring from other schools must present a statement of honorable dismissal.

Admission to Freshmen Class

Graduates of accredited high schools will be admitted to the college upon receipt of a properly certified statement from the principal of the high school showing that at least 15 units of acceptable work have been completed. (A unit repre-

sents 5 periods of at least 45 minutes each week for 36 weeks.)

This statement should be forwarded directly from the principal to the dean before the opening of school. Blanks for this purpose will be furnished by the college.

Candidates should present at least—

- 3 units of English,
- 1 unit of algebra,
- 1 unit of plane geometry,
- 1 unit of history, and
- 1 unit of laboratory science.

Not more than 3 units in vocational subjects will be accepted.

Students who do not present 2 units in a foreign language will be required to complete 18 semester hours of a foreign language in the college instead of 12 semester hours in order to satisfy the foreign language requirement. The minimum number of units that will be accepted for entrance in any one foreign language is 2.

Students who present 15 units but who are deficient in some specified unit will be admitted, but the deficiency must be removed before the beginning of the second year. Students who meet the entrance requirements, but are not prepared to do work in certain subjects they wish to pursue, may take preparatory courses in the high school.

Candidates who are graduates of unaccredited high schools and mature students whose work has been irregular, will be given general tests of the beginning of school, and upon recommendation of the Scholarship Committee will be enrolled and placed on probation for one semester. If such students meet the educational requirements of the college during this time, they may be allowed to continue their work. All entrance requirements must be met before such students can become candidates for degrees.

Admission to Advanced Standing

Applicants for advanced standing should have a transcript of their high school and college credits with a statement of honorable dismissal from the registrar of the last school attended sent directly to the dean of Bob Jones College. This

should be sent as soon as possible before the opening of the school year.

SCHOLARSHIP REGULATIONS

Late Registration

Students who enter late and register after the time set aside for registration will be required to pay a fee of \$3.00.

Classification of Students

Students' classification will be given on the following basis:

Freshmen: Fifteen units of entrance credit

Sophomore: At least 24 semester hours of credit and 24 quality points. All entrance deficiencies removed.

Junior: At least 58 semester hours of credit and 58 quality points.

Senior: At least 92 semester hours of credit and 92 quality points.

Special: Mature students doing special work and not candidates for degrees. Only a small number of special students are accepted.

Quality Points

A student must earn 130 quality points before a degree will be conferred upon him. Quality points are granted as follows:

A	3	quality	points	a	semester	hour
B	2	"	"	"	"	"
C	1	"	"	"	"	"
D	0	"	"	"	"	"
E, F	—1	"	"	"	"	"

Students who enter with advanced standing are required to earn as many quality points as hours while they are in residence at the college.

Grading System

The following grading system is used:

A	Superior
B	Above average
C	Average
D	Passing grade
E	Condition
F	Failure; Course must be repeated
I	Incomplete
X	Absent from examination

Students who make an E, I, or X are required to make up or complete the work during the following nine-weeks period. If this is not done, the grade is changed to an F and the course must be repeated. A small fee is charged for special examinations. Students who remove an E or an I will not be given a grade higher than D.

Schedule of Work

Sixteen hours of class work a semester constitute a normal load for a student. Students who have work scholarships will reduce their program of studies accordingly. Upper class students with an average grade of B will be permitted upon recommendation of the Scholarship Committee to register for a limited number of additional hours.

Change of Schedule

No student may drop a course, begin a new course, or make any change in his schedule after registration is completed without the permission of the dean. After the first two weeks a student who makes a change in his schedule will be required to pay a fee of \$1.00.

DEGREES

The college grants two degrees:

1. The Bachelor of Arts degree with a major in Music, Speech, or Religion.
2. The Bachelor of Science degree in Elementary Education.

Requirements for a Bachelor of Arts Degree

The work of the Lower Division (freshman and sophomore years) is general in character, fitting the needs of any student, including those of the pre-medical and pre-law students, prospective teachers, ministers, and students planning to enter other professional schools. The regular courses offered in most liberal arts colleges are given.

We do not advise a student who is interested primarily in engineering, medicine, or other technical subjects, to remain in Bob Jones College beyond the sophomore year.

The work of the Upper Division is specialized in character. It is concentrated around the three major fields: Music, Speech, and Religion. Students are admitted to the Upper Division when they have completed the work of the Lower Division, or its equivalent, with an average grade of C. Each student selects music, speech, or religion in which to do his major work, and English, history, or a foreign language in which to do his minor work. His major professor will act as an adviser and will assist him in the selection of his minor subject.

On receiving the bachelor's degree at Bob Jones College, the student is qualified to enter a graduate institution and study for the master's degree in either his major or minor subject.

Residence At least one year in residence at the college, including the last semester of the senior year, is required. If a student is in residence only one year, a full load of work must be carried and as many quality points earned as hours taken.

Hours and Quality Points At least 130 semester hours and 130 quality points must be earned. Two-thirds of the work during the junior and senior years must be taken in courses numbered 300 and 400.

Comprehensive Examination During the semester preceding graduation a comprehensive examination covering the major and minor subjects is required. A candidate for a degree with a major in speech or music is required to give a public recital during the senior year.

NOTE: Before presenting their graduate recitals, all music and speech majors are required to attend a series of special classes in platform technique and audience contact.

Specific Courses The following courses are required of all candidates for the Bachelor of Arts Degree:

Freshman Orientation	2	semester hours		
English 111-21, 211-21	12	"	"

** Students who do not present as many as 2 units in a foreign language for entrance are required to complete 18 semester hours of foreign language in college. Students who continue the language started in high school, are required to take 12 hours in college.

*** Unless excused by a physician. Students who are excused are required to earn the 4 hours in some other subject.

Major and Minor A major in music, speech, or religion and a minor in English, history, or a foreign language must be taken. Requirements in the different departments are listed under Departments of Instruction. A course completed with grade of D cannot be counted toward a major or a minor required in any department.

Requirements for a Bachelor of Science Degree in Elementary Education

Residence At least one year in residence at the college, including the last semester of the senior year, is required. If a student is in residence only one year, a full load of work must be carried and as many quality points earned as hours taken.

Hours and Quality Points At least 130 semester hours and 130 quality points must be earned. Two-thirds of the work during the junior and senior years must be taken in courses numbered 300 and 400.

Specific Courses The following academic and professional courses are required of all candidates for the Bachelor of Science degree in Elementary Education.

Elective courses to complete a total of 130 semester hours.

Students who complete the freshman and sophomore requirements for the Bachelor of Science degree are eligible for a Tennessee elementary certificate.

Many graduates of the college go each year to graduate institutions for further work leading to master's and doctor's degrees. This graduate work may be taken in the major or minor subject pursued by the student in the college. The student should have in mind by the end of his junior year the type of graduate work he wishes to do, and, if possible, he should select the institution in which he plans to study. This will enable him to plan his work during his senior year in accordance with the requirements of the graduate school. A student will not be recommended for graduate work unless

he makes an average of B in both major and minor subjects.

A student who plans to enter a medical school, law school, or some other professional school should consult the requirements of the particular professional school he has selected. The college administration and faculty will be glad to furnish information which will assist the student in planning his work in accordance with the entrance requirements of the professional school he wishes to enter.

DEPARTMENTS OF INSTRUCTION

The numbers under Courses of Instruction relate to the year, the semester, and the course. For example, En. 321 means English given primarily for third year students (juniors), the second semester, and the first course. Re. 211 means sophomore Bible, the first semester, the first course. Courses numbered from 100 through 200 are for students in the Lower Division, and courses numbered from 300 through 400 are for students in the Upper Division.

Credit is given in terms of semester hours, a semester hour being defined as 18 hours of class work or 36 hours of laboratory work. Therefore, a class which meets for class work 3 hours a week for a semester will ordinarily give 3 semester hours of credit. A class which meets for class work 3 hours a week and for laboratory work 2 hours a week will give 4 semester hours credit.

EDUCATION: ELEMENTARY AND SECONDARY

Dr. Stone, Dr. Cowen

The college is approved by the Tennessee State Board of Education for the training of teachers. The majority of other states will accept the credits for certification. The department of education offers professional training to students who wish to become either elementary or high school teachers. The Bob Jones Academy, which is a four-year accredited high school, affords convenient opportunity for observation and practice teaching to students interested in this field. The facilities of the public high school are also available. Those students who wish to enter the elementary field of teaching have the privilege of observation and practice in the city public schools.

Students who expect to qualify for an elementary certificate in Tennessee must complete two full years of college work as outlined by the State Board of Education, including 12 semester hours in Education.

The college offers a four-year course leading to a B. S. degree in Elementary Education. The student who plans to teach in elementary schools should elect courses in accordance with the requirements of the state in which he wishes to teach.

Students who expect to qualify for a professional high school certificate in Tennessee must meet the college requirements for the A. B. degree including 18 semester hours in Education as prescribed by the State Board of Education.

The student who plans to teach in the high schools of another state should elect courses in accordance with the requirements of that state.

Music 312-322 (History of Music)	6 hours
Music Electives	4 hours

(Selected in consultation with music faculty)

Applied Music 8 hours

Applied music must be taken each year and the semester examinations passed. A recital is required in the senior year.

All students giving recitals are urged to take Sp. 412 as an elective.

Credit in applied music for all students (majors and non-majors) is awarded at the discretion of the examining committee.

A parallel course in music theory must be taken, preferably Mu. 111-121, in order to receive credit for applied music.

Exception to this rule may be granted by an examining committee upon proof that the student has previously had the necessary work in music theory.

Students must pass sophomore examinations before being considered approved majors in applied music.

Music Theory

Mu. 111—SIGHT-SINGING

Two periods are spent in sight-singing and in taking simple melodic dictation.

Prerequisite Mu. 101 or its equivalent.

First semester, two hours.

Mu. 121—SIGHT-SINGING

A continuation of Mu. 111.

Second semester, two hours.

Mu. 211—SIGHT-SINGING AND EAR TRAINING

Three periods are spent in sight-singing and in taking melodic and harmonic dictation.

First semester, two hours.

Mu. 221—SIGHT-SINGING AND EAR TRAINING

First semester, two hours.

Mu. 321—HARMONY

Modulations to closely related keys, dominant ninth, secondary seventh chords, melodies and figured basses, collateral keyboard harmony.

Second semester, two hours.

Mu. 312—HISTORY OF MUSIC

The work in music history is approached not only from the angle of the growth of music through the ages, but also in the light of the varying aesthetic ideals and thought movements. Thus, in a sense, this study is musical in its scope. The student is guided from the study of ancient Hebrew and Greek music through the Church

age, the Baroque, classical, romantic, and impressionist periods to the modern schools of expressionism and atonality.

First semester, three hours.

Mu. 322—HISTORY OF MUSIC

A continuation of Mu. 312.

Second semester, three hours.

Mu. 313—PUBLIC SCHOOL MUSIC

A study of the nature of the child's voice, consideration of materials, methods, and activities suited to the elementary grades. Lectures, demonstrations, music appreciation, assigned readings and reports, class practice in the proper presentation of songs, observation and practice teaching.

Prerequisite or parallel Mu. 101 or its equivalent.

First semester, two hours.

Mu. 323—PUBLIC SCHOOL MUSIC

A continuation of Mu. 313.

Second semester, two hours.

Mu. 314—MUSIC AND WORSHIP

A course designed to meet the demands of a new profession: The Ministry of Music. A study is made of the relationship of music to the worship service. The course includes the different liturgies of the church; the chant, the canticle, the response, and the antiphon; choir routine; the organization, the rehearsal, the equipment, the processional and recessional; choir repertory: the motet, the anthem, the chorus, the oratorio, and the cantata. Practical application: improvisation, transposition, and arrangement of hymns.

First semester, two hours.

Mu. 324

A continuation of Mu. 314.

Second semester, two hours.

Mu. 315—CONDUCTING

Practice in the conducting of smaller forms of vocal music. Mechanical expression of various rhythms.

Prerequisite Mu. 101 or its equivalent.

First semester, two hours.

Mu. 325—CONDUCTING

Practice in the conducting of larger forms of vocal music.
Second semester, two hours.

Mu. 316—HISTORY OF CHURCH MUSIC

A study of the early development of choral music, folk song, ecclesiastical music, Gregorian chant, rise of polyphony, giving special emphasis to sacred music of the fifteenth, sixteenth, seventeenth, and eighteenth centuries, with a detailed study of the works of the best modern composers of sacred music.
First semester, two hours.

Mu. 317—APPRECIATION OF MUSIC

This course will particularly interest musical amateurs and those desiring to become intelligent listeners. The work includes an introduction to music history and biography, study of instruments, and an examination of the materials of which music is made. Primarily, however, the chief activity of the class is the actual listening to all types of music.
First semester, one hour.

Mu. 327—APPRECIATION OF MUSIC

A continuation of Mu. 317.
Second semester, one hour.

Mu. 411—HARMONY

Modulations in general, chromatic alterations, augmented chords, collateral keyboard harmony.
First semester, two hours.

Mu. 421—HARMONY

Non-harmonic tones, harmonization of florid melodies.
Second semester, two hours.

Mu. 412—HYMNOLOGY

A comprehensive study of the lives and hymns of hymn-writers from antiquity through the period of the Gospel songs.
First semester, two hours.

Mu. 422—HYMNOLOGY

A continuation of Mu. 412.
Second semester, two hours.

Mu. 413—ORCHESTRATION

A study of the technique of writing for the orchestral

instruments. Actual practice in score-writing for string and wood wind instruments, and for full orchestra. Analysis of selected scores of Mozart, Beethoven, Brahms, Wagner, Korsakoff, and Ravel.
First semester, one or two hours.

Mu. 423—ORCHESTRATION

A continuation of Mu. 413.
Second semester, one or two hours.

Mu. 414—PUBLIC SCHOOL MUSIC METHODS

A study of the organization of music activities in the high school, teaching technique, effective presentation, and materials used.
First semester, two hours.

Mu. 424—PUBLIC SCHOOL MUSIC METHODS

A continuation of Mu. 414.
Second semester, two hours.

Piano**Mu. 101—BEGINNING PIANO CLASS**

A study of notation, rhythm, scales, intervals, and chords.
Projects: The playing of major and harmonic minor scales. Beginning Bach, Carroll.
First semester, no credit.

Mu. 102—BEGINNING PIANO CLASS

A continuation of Mu. 101.
Second semester, no credit.

Mu. 103—GOSPEL SONG AND HYMN PLAYING

This course includes sight-reading of songs and hymns, and an elementary study of chord formation, transposition, medley grouping, improvisation, solo and congregational accompaniment, with discussion of the various aspects of church and evangelistic accompaniments. The class period is supplemented with one private lesson a week for each student.
First semester, no credit.

Mu. 104—GOSPEL SONG AND HYMN PLAYING

A continuation of Mu. 103.
Second semester, no credit.

Mu.—EVANGELISTIC PLAYING AND HYMN TRANSCRIPTION

Evangelistic playing of Gospel songs and hymns requires a thorough foundation of hymn playing and theory. From this point, the student works over various types of hymns in orchestral style in different ways. Other aspects of original pianistic treatment of sacred music are introduced as the need and musicianship of the student manifests itself. Hymn transcription requires as a prerequisite the equivalent of freshman and sophomore piano technique.

Freshman Major and minor scales, four octaves, parallel motion; Bach, Two Part Inventions; Czerny, School of Velocity; compositions of the masters suited to the needs of the student.

Sophomore Major and minor scales, parallel motion in accents, common arpeggios and their inversions, four octaves; Bach, Three Part Inventions; Czerny, School of Velocity; compositions of the masters.

Junior Major and minor scales in thirds and sixths, four octaves; dominant and diminished seventh arpeggios and their inversions, four octaves; Bach, French or English Suites; Czerny, School of Dexterity. Assignment for senior recital.

Senior Major and minor scales in contrary motion; Bach, Well-tempered Clavichord; Czerny, School of Dexterity. Senior recital.

Organ

To pursue the study of organ to the best advantage, students should have a thorough foundation in piano playing and possess a reasonable amount of sight-reading ability.

Students desiring to study organ will be given an entrance examination in piano at the beginning of the school year to show their aptitude and talent. The result of this test will determine whether the student is ready to take up the study of organ. Instruction is given on the pipe organ and on the Hammond Electric organ.

On the entrance examination, students desiring to begin the study of organ for college credit will be expected to play the following: Scales and arpeggios; a technical study from Czerny, Pischna, Hanon, or Heller; a composition which is

equal to grade 4 in piano, and to read at sight a composition of moderate difficulty.

Before graduation in organ the student must qualify through freshman piano requirements.

Freshman Manual exercises and pedal exercises as found in "School of Organ Playing," Edward S. Barnes; hymn tunes (one and two manuals) with and without pedals; "Art of Organ Playing," Best; selected Chorale Preludes, Bach; the "Eight Little Preludes and Fugues," Bach; selected modern compositions.

Sophomore Continued manual and pedal exercises; selected Chorale Preludes, Bach; Preludes and Fugues in E minor and C minor, Bach; Cantabile or Andantino, Cesar Franck; Sonata II or IV, Mendelssohn; selected modern compositions.

Junior Trio Sonata I, Bach; Toccata and Fugue in D minor; Preludes in A minor and B minor, Bach; Pastorele, Prelude, and Variations, Cesar Franck; selected modern compositions.

Senior Trio Sonata IV or V, Bach; selected Chorale Preludes, Bach; Piece Heroique, C. Franck; Concert Variations, Bonnet; representative modern compositions; Senior recital.

Voice

Mu. 105—BEGINNING VOICE CLASS

A study of the fundamentals of voice production and elementary theory.

First semester, no credit.

Mu. 106—BEGINNING VOICE CLASS

A continuation of Mu. 105.

Second semester, no credit.

The courses stress voice development, vocalizing and proper breathing, with special attention to articulation and phrasing, and a foundation for an authoritative style and manner in singing, all tending to that ease and elegance which is indicative of a finished vocalism.

Students who graduate with a major in voice must qualify through freshman requirements in piano.

Freshman Correct physical and mental poise. Principles of breathing and breath control. Proper use of the organs of articulation, study of vowels, and fundamental essentials of tone production, with such solfeggio vocalizations as may be

deemed necessary to the individual student. Simple songs in English.

Sophomore More advanced technique. Studies in diatonic and chromatic scales, legato, staccato, simple trills, vocal embellishments. Italian and French songs. German *Leider* from Schubert, Franz, and Schumann.

Junior Studies for maximum flexibility and velocity. Recitative, lyric, and dramatic examples from the operas and oratorios of Bach, Handel, Mozart, Hadyn and Gluck. Works by modern composers.

Senior A partial recapitulation and amplification of the work of the preceding years, together with the study of the more difficult classic, romantic, and modern song literature. Comprehensive repertoire. Senior recital.

All voice students automatically become members of the A Capella choir or choral club.

Violin

A preparatory course is provided for beginners and the intermediate grades. Before graduation in violin the student must qualify through freshman piano requirements.

Freshman Attention to all technical deficiencies; scales, arpeggios, trills, broken thirds, double stops, and bowings; studies of Sevcik, Kayser, Mazas, and Kreutzer; sonatas of Handel and Tartini; concertos of Accolay, DeBeriot, Sitt, Viotti.

Sophomore Two and three finger scales through three octaves in all positions; arpeggios, trills, broken thirds, double stops, bowings; studies of Kreutzer, Rode, and Fiorillo; concertos of Mozart, Bach, Viotti; selections from Bach's Solo Sonatas.

Junior Continuation of scales; studies with variety of rhythms; technical studies for finger dexterity and deftness of the bow arm; studies of Rode and Fiorillo; concertos of Bruch, Mendelssohn, Wieniawski, Vieuxtemps; Bach, Solo Sonatas.

Senior Continuation of scales and technical studies; studies of Fiorillo, Gavinies, and Dant; concertos of Beethoven, Res-

pighi, Brahms, and Lalo; concert solos of Saint Saens; sonatas of Bach and Brahms. Compositions to display fine tone and technique. Senior recital.

PSYCHOLOGY AND PHILOSOPHY

Dr. Stone, Dr. Osipoff, Dr. Cowen

Ps. 311—GENERAL PSYCHOLOGY

A course to acquaint the student with the fundamental conditions and facts of conscious behavior, including the physiological basis of behavior, native traits, emotions, feelings, sensations, learning, habit formation, memory, and perception. Text, lectures, demonstrations, assigned readings.

First semester, three hours.

Ps. 321—EDUCATIONAL PSYCHOLOGY

An elementary study of psychology as applied to education, to include the items of original tendencies; laws of learning, amount, rate, limit, conditions, spread and permanence of improvement; mental work and fatigue, individual differences. Text, lectures, assigned readings.

Second semester, three hours.

Some topics: The meaning and significance of adolescence; development; physical, mental, motor, social, moral, and religious; emotional behavior; aptitudes and interests; personal disturbances and mal-adjustments, mental hygiene; guidance and control. Text, discussions, assigned readings, and reports.

First semester, three hours.

Ps. 322—PSYCHOLOGY OF CHILDHOOD

The purpose of this course is to afford the prospective teacher an opportunity to secure a scientific knowledge of the mental and physical development of the child. Some topics: Results of recent investigations in growth and development during infancy and childhood, physical, mental, and other phases of growth; origin and development of child behavior; language development; learning

and habit formation; child hygiene; guidance and control of childhood behavior. Text, discussions, assigned readings, and reports.

Second semester, three hours.

Ph. 411—ANCIENT AND MEDIEVAL PHILOSOPHY: HISTORY AND TYPES

Attention will be given to the beginning of philosophic thought and the manner in which early systems of philosophy arose. The outstanding philosophers of ancient and medieval times will be studied along with the problems and types of philosophy. The students will be led to an understanding of the great systems of thought by linking them to the lives of the great philosophic thinkers and to the time in which they lived.

First semester, three hours.

Ph. 421—MODERN PHILOSOPHY: HISTORY AND TYPES

The outstanding philosophers of the modern period will be studied. A continuation of the method in Ph. 411. A study will be made of the beginnings of experimental science and its influence on the philosophies of the period. Attention will be given to the relation of philosophy to science, religion, and theology. Present-day philosophy and thought will be considered.

Second semester, three hours.

RELIGION

Dr. Osipoff, Mr. Sheldon, Dr. Parker, Dr. Haight

For an age like ours, when materialism, skepticism, modernism and all kinds of godlessness are so aggressive, there is a great need for a consecrated, Spirit-born and Spirit-filled ministry. The young people of today must become the spiritual leaders of tomorrow, if our Church is to survive and if Christianity is to be triumphant. To meet this need Bob Jones College is offering an intensive course of training in Christian Education, designed to inspire, inform, and firmly establish young people in the fundamentals of the Christian faith.

Two majors are offered:

(1) **Major in Bible.** Students who major in Bible must complete 20 semester hours in Bible in addition to the courses required of all students. These courses must be those numbered from 300 through 400. Ministerial students should elect 12 hours of Greek and 6 hours of Hebrew (or 18 hours of Greek), and 6 hours of Christian Education.

(2) **Major in Christian Education.** Students who major in Christian Education must complete 30 semester hours in their major field, including 6 hours in Bible.

SCHOOL OF BUSINESS

Mr. Edwards, Mr. Stenholm, Mrs. Unger

Many young people, because of their financial condition, do not see how it is possible for them to complete a four-year college course, but they would like the privilege of being in the atmosphere of a Christian college for at least one year. This privilege is now offered to such young people. Students may enroll in Bob Jones College and complete in nine months a course in bookkeeping, shorthand, typewriting and related subjects, and at the end of the year may receive a certificate in these subjects.

Each student enrolled in the School of Business is required to take Bible in the Bible Department of Bob Jones College and, in addition, may take speech, music, or standard college subjects.

After completing the business course and the required college work which is given in connection with the business course, the student may enter, if he desires, the regular Liberal Arts College and may receive approximately a year's credit for the work done in the School of Business, provided the college entrance requirements have been met.

This arrangement makes it possible for many young people to get at least a start in college work. Usually a student who can go to college one year finds it possible to continue his education. However, if after one year in the School of Business a student is not in position to continue college work, he is equipped to fill a commercial position and has the cultural advantage of a business course taken in the environment of a Christian college.

The expenses for the School of Business are the same as in the regular college. See page 19.

Grading System

The following grading system is used:

A	Superior
B	Above average
C	Average
D	Passing grade
E	Condition
F	Failure; Course must be repeated
I	Incomplete
X	Absent from examination

Students who make an E, I, or X are required to make up or complete the work during the following 9 weeks period. If this is not done, the grade is changed to an F and the course must be repeated. A small fee is charged for special examinations.

All School of Business students will be under the same rules and regulations as the students in the Liberal Arts College.

CERTIFICATES

All applicants for certificates must be recommended by the head of the School of Business and by the dean of the college. Either shorthand, bookkeeping, or typewriting must be passed before a certificate is given.

ACADEMY

Miss Lee, Mrs. Allen, Mrs. Jones, Miss Reeves, Mr. Warwick,
Miss Corne, Miss Clarke

Purpose

Many parents realize the importance of having their sons and daughters in a Christian atmosphere during their high school years. There is no more critical time in the life of a boy or girl than the years spent in the high school. The purpose of the academy is to offer four years of high school training in an environment that is Christian and cultural. The academy students have the opportunity of social contact

with the college students. They also have the advantage of instruction by well-trained Christian teachers.

Rating

The academy is a four-year accredited high school.

Admission

Students are admitted to the academy upon the completion of standard eighth grade work (or junior 2 class work.) The applicant should present an official statement from the principal of the school which he formerly attended that he is prepared for the ninth grade (or junior 3) work. If the student wishes to be admitted to any high school class beyond that of the ninth grade (or junior 3), he should present a transcript showing the official record of all high school work previously carried. Not more than 4 units of credits will be accepted for admittance to the tenth grade. Students transferring from an unaccredited high school will be admitted by examination.

Expenses

Tuition each semester covering four academic subjects, Bible, physical education, and piano, violin, organ, voice, or speech\$92.50
Room and board, a month\$27.50
For further information see page 19.

Requirements for Graduation

Sixteen units of standard high school work are required for graduation. A unit represents five periods of at least 45 minutes each week for 36 weeks. The following subjects are required:

1. Bible, (3 times a week each year) 1 unit*.
2. English, 4 units.
3. American History and Problems in Democracy, 1 unit.
4. Mathematics, 2 units, (1 in algebra and 1 in plane geometry).
5. Science, 1 unit.
6. Home economics (for girls), 1 unit.
7. Physical education, each year, (no credit).

Enough additional subjects to make a total of 16 units may be elected from the following list:

1. Commercial subjects**
2. Foreign languages***
3. Mathematics
4. Science
5. Social sciences
6. Home economics
7. Speech

* Students who transfer from other schools, will not be required to have one unit of credit in Bible for graduation.

** Not more than 4 units of commercial and vocational work will be accepted for graduation.

*** Two units of a foreign language are recommended for all students.

Instruction in reading, spelling, and penmanship is given to those students who need remedial work in these subjects.

Classification

The work completed by the beginning of a school year determines the student's classification. A student who has completed 4 units is classified as a sophomore; 8 units as a junior; 12 units, as a senior.

If a student lacks not more than one of the required number of units, he will be given conditional classification.

Reports and Grades

Reports are mailed to the parents or guardians of the students at the end of each nine weeks period and at the close of each semester.

The system of grading is as follows:

A	Excellent
B	Above average
C	Average
D	Passing
E	Condition
F	Failure
I	Incomplete

Courses of Instructions

The course of study and the textbooks adopted by the

state are used. The curriculum includes standard courses in English, history, foreign languages (Latin and French), mathematics, science, home economics, social sciences, commercial subjects, and physical education.

In addition to these regular courses each student is given a course in Bible, and he may have the privilege of taking music or speech without extra cost.
